PHILIPS
Saeco

sense and simplicity

Highlights

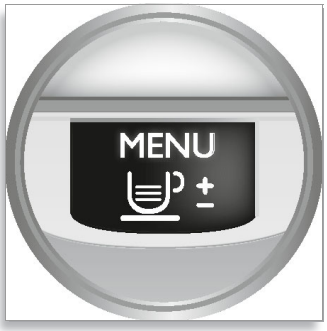
Automatic Cappuccinatore

Nothing could be easier than the Automatic Cappuccinatore to make the richest milk based drinks: Cappuccino, Frothed Milk, Espresso Macchiato. Pushing the steam button, the automatic Cappuccinatore draws milk directly from the milk container and froths it into your cup, by delivering perfect hot milk foam . To complete your milk experience, you just have to press the espresso button and an intense dark brown espresso will meet a soft creamy-white milk froth, creating a mèlange full of contrast and suspense.

Autocleaning and de-scaling

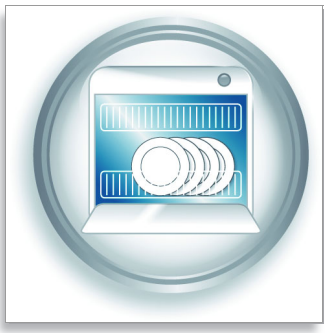
Easy to use includes easy maintainance: Thanks to the automatic cleaning and de-scaling cycles, you are guaranteed perfect enjoyment every day and maximum longevity for your machine.

Customization and maintenance



Customization and maintenance menu

Dishwasher safe Cappuccinatore



Dishwasher safe Cappuccinatore

Color coded user interface

Enjoy direct and clear interaction thanks to the self-explanatory icons display. For maximum convenience the icons are colored according to the thrafflic light colors: Red requires action, Yellow means the machine is "busy" (like heating up). Green is ready to use.

Wide and bright LED display

Let the machine drives your Espresso experience and enjoy direct and clear interaction with it. The customization and maintenance menu allows you to set coffee temperature, descaling cycle guided process, water hardness, water filter installation, Stand-by time and display contrast.

Adjustable coffee strength, te

Choose your favourite coffee blend and adjust coffee strength, temperature and length until they all meet your personal taste perfectly. Strength: the machine is set-up to adjust the strength with the exact amount of coffee to be ground. Length: the machine allows you to adjust the amount of brewed coffee according to your taste and/or the size of your cups. Temperature: the machine allows you to adjust the temperature of your coffee.
